INTERNET PACKAGES.

This document is to present you the updated Internet packages available on [MyCosta.com](https://www.mycosta.com) and onboard.

We have recently introduced a new package: **Daily FULL 24H**, which will only be sold on board, it is a full 24-hour Internet package that can be activated at any time during the cruise and will be active for exactly 24 hours after the time of activation.

In case the package can be purchased more than once, the standard fee of 3 € will be only charged the first time.

The other packages must be purchased for the entire duration of the cruise.

The ability to upgrade to a higher package onboard is still available. Multiple devices can be connected to the Internet with the same credentials, only not at the same time.

Prices vary in the Caribbeans and Emirates itineraries.

In the following pages you can find the Internet Packages and prices available.

We remind you that prices are subject to change.
